

Fitbase is a pioneer in the German digital prevention industry, supplying companies, the largest health insurance companies as well as banks and SMEs in Germany with online coaches such as back health coaches for their employees or customers. Fitbase engages also in R&D and develops innovative solutions to assist office workers in the future, namely the following projects: [www.sit-smart.eu](http://www.sit-smart.eu) and [www.ergo-scan.com](http://www.ergo-scan.com). Additionally, we are leading a project for a German public health insurance with the aim to develop a mobile app that supports families in health promotion.

## Internship Mobile App Development

### Job Description

To realize our idea of a smart mobile application that supports families in their health promotion we are looking for an intern who will support us in the app development. The project is funded by a German public health insurance for 24 months and next to fitbase as the project leader the University of Hamburg is project partner as well. As part of our developer team you will work on the implementation of the concept and put it into practice as well as implementing feedback from the first pilot group testing the system. You will work in close cooperation with the management and the interdisciplinary international team of fitbase.

### Requirements

#### Essential Skills:

- Ongoing studies in the area of Computer Science
- Solid experience in mobile app development, ideally using flutter
- Demonstrated problem-solving skills and the ability to work independently

#### Preferable Skills:

- Understanding of REST architecture
- Knowledge about Protobuf and RPC
- Experiences with ORM and SQL

### What we offer

- interdisciplinary and international young team
- inspiring work environment in Hamburg
- esprit and passion of an ehealth start-up

**Operation site:** Hamburg Wandsbek

**Type of employment:** internship

**Duration:** 5-6 months

**Starting date:** March 2019

Please contact Johannes Heering for further information and send your application with CV via E-Mail to [heering\(a\)fitbase.de](mailto:heering(a)fitbase.de)

**We are looking forward to receive your application!**
